

- Are you looking to Enhance your community through an additional Revenue stream?
- A platform for your community to post on, connect to, promote offers, highlight Businesses, Products, Grab walk-in eyes or All of the above?

**corkboard** is a network of web connected TVs designed as a modern alternative to unsightly cork boards or physical brochures. Employers, businesses, schools et al. can now engage with their surrounding constituencies for the purpose of notifications, adverts, promotions, alerts, training, etc. Offering the urgency of a text message with the content of an email But, without the noise.

Our mission is to support businesses and communities in delivering their messages, announcements or advertising with simplicity, authenticity and engagement.

## The Opportunity

- **Improve customer or corporate communication via a simplified QR on screen**
- **Upsell promotion content as pictures, video, surveys or feedback**
- **Customize offerings everyday, seasonally, celebrations, holidays, etc.**
- **Highlight new offers, discounts or find creative new ways to engage with your customers**
- **Multi-tier access: CEO to Intern, HR, IT, communication, marketing or all.**

## corkboard Network Options

### Public

- Use our web based software on your smart TV to connect and start broadcasting local ads
- Open for community to Post their Ads (From Bake sales to Dog walking services)
- We share the Revenue for your support in spreading the message

### Private

- A private network only for your organization
- No outside ads or messages
- Flat monthly fee for unlimited usage

### Public + Private

- Part of the screen used for Public Community and remaining for your organizations notices
